Specifications may vary from vehicle to vehicle. Please contact the official dealer for more information.
Dynamic performance: Exhilarating power deepens driving pleasure.

Powerful acceleration and outstanding handling that actively feed your desires for driving excitement on the road are balanced by excellent fuel efficiency.

1GD-FTV
2.8-liter VN Turbo Diesel with Intercooler
131kW (177PS)/1400rpm
450Nm/1600-2500rpm

Robust to the core: Only a true SUV can inspire off-road adventures.

Below the sophistication, the robust frame and advanced off-road driving technologies form the core of the outstanding rough terrain capabilities.

Peaceful interior:
The high rigidity structure contributes to exceptional toughness in harsh environments, as well as excellent handling performance, a quiet smooth ride and reassuring feeling of safety.

Fast-time transfer:
Highlighting driver-friendly operation, you can switch between 2WD and 4WD by simply turning the dial switch even while moving.

Exceptional convenience: Complement your active lifestyle.

Verniscent seating arrangements and an abundance of storage spaces quickly and easily accommodate the changing demands of a mobile lifestyle.

Power back door:
To make it more easier to load and unload, the power back door can be opened and closed without the driver needing to leave their seat or be concerned from the rear of the car.

Luggage space storage:
The third row seat can be easily folded up with a single pull to provide both flexible and maximum luggage space.

Peace of mind: Reassuring strength and reliability.

Combining the strength and reliability of a true SUV with advanced active and passive safety measures contributes to peace of mind, on-road and off-road.

Crash safety body:
Comprised of a high integrity cabin with front and rear impact zones that help absorb impact energy in a collision.

Suspension:
The front and rear suspension is optimized to provide excellent stability and control.

Impact absorbing structure:
Impact absorbing measures include the front bumper, hood and front fender flares.

Vehicle Stability Control (VSC):
Helps prevent front or rear wheel slip while cornering by reducing engine power and applying brake force to the wheels that require it.

Trailer Swap Control (TSC):
When towing a trailer, the system detects trailer sway and helps to suppress it by controlling braking and engine output.

Anti-lock Brake System (ABS) with Electronic Brake-force Distribution (EBD)
ABS helps to prevent the wheels from locking up when braking on slippery roads or during sudden braking. EBD optimizes the distribution of braking forces under various driving conditions.

Authentic presence: Tough meets gorgeous.

The bold design and body-color functional beauty blending advanced performance, intuitive operation and refined features to provide a truly engaging driving experience.

A/B/C/D/E/F/G/H/I/J/K/L/M/N/O/P/Q/R/S/T/U/V/W/X/Y/Z

Combination meter
This easy-to-read meter and a 4.2-inch color 3D7 Thin Film Transistor multi-information display provide the driver with vital vehicle information at a glance. The on-Dash balance supports on-driving.

Auto air conditioner:
The highly efficient system maintains a comfortable cabin temperature and at the same time contributes to the excellent fuel economy.

Advanced guidance system:
The graphics are intelligently positioned to provide essential guidance in all areas. The large touch-screen display realizes easy touch operation of vehicle and control.

Smart Entry & Start System:
When using the Electronic Key, you can start the engine and don’t keep the key.

Elegant comfort: Space you’ll love to share.

Quality details match the space and spacious comfort of the cabin, creating an elegant atmosphere for your driving pleasure.

Feeling spacious:
The spacious 7-seater SUV provides convenient and configuration flexibility that satisfies the needs of a diverse range of lifestyles.
